About Kundinger

In your business, it's all about the need for speed, quality, and repeatability to deliver on ever-increasing demands for higher productivity. We get it. For more than 60 years, we've been helping OEMs and manufacturers to improve and increase their productivity. Whether it's components, software, service, or a completely new system, we do whatever it takes to help you achieve your goals.

Automation

Industrial automation relies on driving efficiencies. We take the time to review and understand your process so we can deliver the best automation solution possible using the latest technology and techniques. How do we do this? By offering an extensive portfolio of technology-driven solutions from many of the leading automation manufacturers in the world, including B&R, SICK, WEG, Advantech, and many more.

OUR SPECIALTIES INCLUDE:

- Components
- Software
- Engineering
- Design
- Systems

Parker Hannifin Electromechanical and Drives Division

Kundinger is proud to sell Parker electromechanical products, which expands our industrial automation offerings to complement our hydraulic and pneumatic products. With this line of electromechanical parts, we are able to deliver full solutions such as actuators, drives and controllers.

Benefits of electromechanical products:

- Compact, more accurate features
- Better repeatability for customers
- Cleaner and quieter than hydraulic and pneumatic
